## SOME REFERENCES

- Air Liquide
- Bouygues
- ExxonMobil
- Naval Group
- Shell
- Total
- Vinci

## OUR STRENGTH

While continuing to serve our key accounts active in Australia through our traditional expertise, our team brings to Australia more than 30 years of experience servicing engineering, construction and industrial markets in the broader Asia-Pacific region.

Artelia Australia focuses on the following key end markets

Urban Transport  
& Infrastructure

Defence

Hydropower  
& Dams

Port  
& Maritime

## CONTACT

[guillaume.prudent-richard@arteliagroup.com](mailto:guillaume.prudent-richard@arteliagroup.com)

ARTELIA Australia  
1 Farell Place Lev. 2  
Canberra City  
ACT 2601  
Australia  
Mob. : +61 (0) 481 752 245

In each of the markets, our engineers and specialists assist clients with **engineering services** (master plan, feasibility studies and design), **construction supervision** (owner's engineer / employer's representative) and **support services** (technical assistance, environmental

permitting...). They use **innovative and collaborative tools** to respond to the fast-changing conditions of these sectors and to **maximize the value of your investments** as BIM, virtual reality, HSE, modular assembly, drones, low carbon, PM&FM tools.
